Start coding with Codespaces

Add a README file and start coding in a secure, configurable, and dedicated development environment.

Create a codespace

Add collaborators to this repository

Search for people using their GitHub username or email address.

Invite collaborators

Quick setup — if you've done this kind of thing before

HTTPS SSH https://github.com/du

Get started by creating a new file or uploading an existing file. We recommend every repository include a README, LICENSE, and .gitignore.

...or create a new repository on the command line

```
echo "# Farmwatch" >> README.md
git init
git add README.md
git commit -m "first commit"
git branch -M main
git remote add origin
https://github.com/duaneclevengerai-
ai/Farmwatch.git
git push -u origin main
```

...or push an existing repository from the command line

```
git remote add origin
https://github.com/duaneclevengerai-
ai/Farmwatch.git
git branch -M main
git push -u origin main
```

ProTip! Use the URL for this page when adding GitHub as a remote.
